### About us

Terra Designs & Events Productions Ltd. was founded in 2007.

At Terra Productions we produce customized corporate events according to your needs and vision.

marketing managers We will know how to characterize, plan and produce any type of company event that human resources, and CEOs need.

With our vast experience in this field and our creativity, innovative ideas, vision, investment and above all our personal guidance and uncompromising service, you are guaranteed that your business event will take place exactly as you wish.

### Event variety

Conferences, parties, evening events, intensive, vacations, family events, kick-offs, customer events, team-building days, weekends, in Israel and abroad.

### Human capital

Our staff include only the finest.

Any person to provide service at your event will be characterized by high professional skills alongside responsibility, availability, accuracy and adherence to every detail of the event.

Our staff members and suppliers are experienced and veterans in their field, most of whom have been our partners for many years in various productions.

All out of understanding the client's vision and the importance of the success of the event, for the management and the employees.

### Our advantages

Creativity and thinking "outside the box".

Personal client portfolio management by Limor Levitin.

24/7 Availability throughout the entire production process from the planning stages up to the successful end of the event.

Reliability - does not promise what cannot be kept.

Optimal maximization of the budget set for the success of the event.

A relaxed, structured work process, clear to the client.
